Game Center. Make your games shine on iOS, macOS, and tvOS with Game Center, Apple's social gaming network. Game Center provides an identity for your players and enables features like the Game Center dashboard, leaderboards, achievements, multiplayer and more.

Game Center - Apple Developer

Apple removed the Game Center app from iOS 10, but it's still present in your iPhone settings. Because Game Center doesn't have anywhere to save game data, there's nothing to delete. However, a mobile game might see your old high scores or your profile in Game Center and use that to reload your progress.
