Fix Paper Jam in Canon Pixma Printers

I know the printer is saying, "paper jam" but in my last reply. I already told you that, this can also happen if the cartridges cannot move. Now, please turn off the printer and turn it on after few secs, and let me know, if the cartridges are moving back and forth or not after you power on the printer.

My canon MX340 keeps telling me there is a paper jam and ...

When you move the FINE cartridge holder, hold the FINE cartridge holder and slide it slowly to the right edge or the left edge. Hold the jammed paper with your hands. If the paper is rolled up, pull it out. Pull the paper slowly not to tear it, then pull the paper out. Make sure that all the jammed paper is removed.
