Date rape: The real problem | The Independent

Advocates for the rights of rape victims emphasized the concept of date rape to promote awareness that all sexual activity requires explicit consent from both parties. A new, prior, or ongoing dating or intimate relationship does not necessarily imply that either party has a “right” to sexual contact. The new awareness of date rape led to legal changes in the United States that gave grounds for victims to prosecute attackers, although much discussion remained about the legal standards of ...

Date rape | Britannica

The definition of date rape according to Wikipedia, is nonconsensual sexual activity between people who are known to each other, either platonically or sexually. Date rape does not have an age limit or sexual preference, nor does it have a certain ethnicity. This type of violent act could happen to anyone.
